

This is a beautiful home and we had a wonderful time. We spent many hours at the beach, took the mail boat up the Rogue River and dad and son went salmon fishing. This place is like a dream come true... We definitely want to come back next summer and stay in the "really cool" home.

We had a wonderful time, although it wasn't a long enough visit. This was the perfect set up for our multi-age group...enough privacy and ample common space. No need to rave about the view!

This secluded house was perfect for our family that traveled from various places to meet for a family reunion. The view is gorgeous and we loved having access to the beach. We were also very surprised how much fun karaoke could be with such an untalented bunch. Thanks for a great time!

Breathtaking – the most fantastic view on the Oregon Coast! I could sit on the deck for the rest of my life. I'm the most relaxed I've been in years. This is such an oasis from hectic life. Come here and forget the rest of the world...This house is so easy to stay in and relax in your comfortable chairs and still see all the beautiful sights outdoors. I wake-up here so refreshed from sleeping so soundly on great beds. Thank you.

Your beautiful home and property have made this a great spring break for us. On our first day here we found a 30-foot humpback whale carcass in the creek bed. Nature at work! Weather was terrific...many day trips and lots of kicking back. Terrific stay and thanks so much.

We've enjoyed our stay at this beautiful house. The house had a little of everything for our wide age group. Our boys enjoyed the basketball hoop and ping pong table. My husband and I fell in love with the views from the master bedroom. My parents who have stayed in numerous places in CA, WA, and Hawaii really enjoyed how spacious this house was with spectacular views from just about every room. Having beach access that you could drive to was a huge rental plus, since my dad has back problems. We have enjoyed our days in your house and look forward to coming again.

We had a wonderful time in your beautiful and comfortable home. The views here are unmatched. "Spectacular" doesn't begin to describe the seascape. We are both photographers so we took loads of photos. It was difficult for us to drive the PCH and not stop every 5

minutes for yet another great shot. We have stayed in a lot of vacation rentals and yours is definitely the best! Thank you so much for sharing this beautiful place with others.

Thank you so much for an incredibly relaxing stay at the coast. Your views and beach access are amazing. The summer weather at the coast is hard to beat – our weather was great. The fireworks in Gold Beach were great. Our whole experience was wonderful!

Great place for a get away from the hussle ‘n’ bussle! The views and weather were super!

What a wonderful setting! The view, the house, even the cows made it special. We gathered from Florida, Virginia, N.C. and Oregon for my 60<sup>th</sup> birthday and it was a memorable one.

From France, Omaha and Portland we assembled here upon this precious perch warm and safe in your eagle’s nest. Thanks. Our runners ran, sleepers slept – poets celebrated despair, little children played hard and slept long – a fitting closure for 2004.

Thank you so much for our days in your beautiful home with an even more beautiful and spectacular view of the ocean and beach. The view is mesmerizing. What a home!

We had a wonderful family reunion here at your beautiful ocean house. The beach was nicer than we expected and we enjoyed seeing the starfish, sand dollars, crabs, etc. We also had fun at the 4<sup>th</sup> of July in Gold Beach. Thank you so much for allowing us to stay in your wonderful home.

Thank you so much for lending your absolutely amazing house to us. My family, my aunts and my dad’s mom and sister joined us. To spend days of quiet time to get to know our family members better was great! The beach is probably the best one in Oregon, and makes a great setting for drawing (a hobby of mine). What a treat to have my own private setting! To make everything better, our days here had fantastic weather, and the entire time we were baffled at why anyone would want to leave this HEAVEN. Thank you for sharing this wonderful home with complete strangers to share the wealth of a wonderful view. Much appreciated!

Words cannot express the thanks to you for the beautiful house you provide to enjoy the wonders of nature. Every comfort for a fine vacation is within these walls. Nature provides the ultimate backstop to view these settings. My wife, son and friend and I envy the beauty which you possess. Your big hearts share this with us, so that many may enjoy what you have worked hard to forge out of the wilderness. God truly shines on this place with favor. I would hope to return here again. We fished, hiked, jet boated the Rogue and still my greatest relaxation is the quite of the house. Thank you very much for your generosity. God Bless.

Thank you for letting me share your "dream spot" in Oregon – your view of the Oregon coast is inspiring and breath taking – one I will always remember. Also it was wonderful sharing the pictures of your loving family. Thank you!

We have been driving by your home on the hill since 1990 on our way to Gold Beach. I have said to my husband every trip, "this is the area of the coast I want to live on and that house up there would be in the perfect location." I am thrilled that we actually got to stay in your lovely dream home. It has been my dream home too. We enjoyed every moment of the breath-taking views and the warmth and comfort of your home. My brother and his girlfriend from Maryland and my sister from Buffalo, New York got to enjoy this spot with us. It was a great family reunion and perfect vacation. Thank you.

Paul and Jacquie:

We absolutely LOVED the place and thoroughly enjoyed our stay. What a gorgeous view and your house is wonderful and takes full advantage of the view. We had our oldest daughter, our next oldest and her son, our youngest daughter with her husband, two daughters and one son and our son, his fiancé and his son. The grandchildren are 11, 7, 7, 5 and 4. We were able to get them out to the beach two times while we were there. We stopped by Harris beach for a while, did a little rock climbing, kite flying and running around. Harris beach has a lot of memories for our family and we stop there every time we can, when we're near. The first day was great weather while the next two were spotty showers..... kinda Oregon coast winter weather. A down side to the trip was that my son-in-law had to leave after a day. He was really bummed (sp?) out. He's a Sherriff's deputy in Jackson County and couldn't get anyone to cover for him.

Hello,

Thank you again for allowing us to rent your beautiful home during last weekend. We all had a wonderful time and the shuffleboard table was definitely a hit! We look forward to renting your home again after the remodel is completed.

We are back home after such a wonderful trip to the coast. I can not believe the view your house has. There is just so much to do as well. We went horseback riding, fishing, beach combing, hiking, to see the redwoods, to the aquarium, to a wild animal safari, to the prehistoric gardens, and much more. Needless to say it is nice to be home so I can get some rest. Even the rainy days were filled with shuffleboard and ping pong. Anyway Thank you again we had a wonderful time.
